

LAI LY THUY TIEN

Email: lailythuytien@gmail.com | Ho Chi Minh City, Vietnam | GitHub: github.com/lailythuytien

EDUCATION

Experimental High School HCMUE

June 2027 (Expected Graduation)

Specialized in Mathematics, Physics, and English

GPA: 9th Grade: 9.5 | 10th Grade: 8.9 | 11th Grade: 8.9 (Rank 07/34)

Intended Major: Computer Science, Artificial Intelligence

HONORS & AWARDS

- **Third Prize (Top 6 National Finalist)** – AI Challenge, Informatics Olympiad in the Central–Central Highlands, National Level **2025**
- **Third Prize** – Vietnam Olympiad in Artificial Intelligence (VOAI), National Level **2025**
- **Bronze Medal (Rank 13)** – Vietnam AI Championship (VAIC 2025), National Level **2025**
- **Top 20 Candidates Finalist** – Vietnam Artificial Intelligence Olympiad (VAIO), National Level **2026**
- **Merit Prize** – High School Students’ Conference on Inquiry and Practice in Relation to SDGs, International Group in Taiwan **2025**

PROJECTS & RESEARCH

An ExplainableYOLOv9 Framework for Strawberry Disease Detection

2025

Mentee – Fulbright 2025 STEM Mentorship Program

- Developed Computer Vision models using PyTorch (ResNet101, Faster R-CNN, YOLOv11/v12, RT-DETR) for strawberry disease detection, achieving mAP@50 = 80.3%, Precision = 85.6%, Recall = 86.7%.
- Applied Grad-CAM for model interpretability and TorchMetrics for quantitative performance evaluation.
- Accepted at The Eighth International Conference on Artificial Intelligence and Computational Intelligence, a Scopus-indexed conference.

STEM Center Web Platforms & Systems – *Founder & Lead Developer*

2025 – Present

- **Web & Database Architecture:** Designed and deployed two full-stack web platforms using HTML5, CSS3, JavaScript (ES6+), and Firebase:
 - **STEM Center Official Website:** Official web platform to showcase technical products, host event updates, and highlight club activities (Live Demo).
 - **Lab Inventory System:** Internal management web app integrated with Firebase Realtime Database to track and organize lab equipment.
- **Security & Deployment:** Applied Firebase Security Rules, HTTP Referrer API restrictions, and domain authorization to secure database endpoints; deployed via GitHub Pages and Firebase Hosting.

Sustainable Paper Recycling Project “HAPPY PAPER - HAPPY PLANET” (STEM Project)

2025

Content Lead – High School Students’ Conference on SDGs, International Group - Taiwan

- **Research & Reporting:** Co-invented plantable seed paper from discarded textbooks and authored the scientific research report presented to 400+ international participants.
- **Data & Workshops:** Collected and analyzed 375 survey responses via Google Forms & Excel; led hands-on recycling workshops for 40 participants.

EXTRACURRICULAR ACTIVITIES

Vice President – *STEM Club, Experimental High School HCMUE*

2024 – Present

- **Leadership & Strategic Partnerships:** Collaborated with the USAC Club (HCMUS, VNU-HCM) to organize astronomy and 3D printing training; partnered with inter-school STEM clubs to host 1 large-scale Science Fair and school-wide STEM product exhibitions.
- **Technical Training & Maintenance:** Directly trained members on Laser Engraving and microphone soldering/refurbishment.
- **Hands-on Workshops:** Organized interactive STEM workshops for students, including scented candle making, flower dyeing, and eco-friendly paper recycling.
- **Web Development:** Built and maintained two web platforms using HTML, JS, CSS, and Firebase for school lab inventory management and club project showcases.

Dynamic Science Ambassador – *Science Film Festival 2025 in Vietnam (Goethe-Institut)*

2026

- Promoted scientific literacy and sustainability through film screenings, educational activities, and youth representation in science communication.

Member – *AI Young Talent Academy, Institute for AI Innovation and Societal Impact*

2025 – 2026

- Participated in online AI sharing sessions (via Zoom), lab research visits, and received 1-1 career orientation mentorship from teachers and senior students.

Volunteer – *Red Phoenix Flower Campaign (Science Team)*

2025

- Designed hands-on STEM products and interactive activities to engage local youth in community science programs.

SKILLS & INTERESTS

- **Technical Skills:** Python (Pandas, Matplotlib), MS Office (Advanced Word - MOS, PowerPoint, Proficient Excel)
- **Hobbies:** Chess, Swimming
